This proceeding was instituted under the Federal Meat Inspection Act (FMIA), as amended (21 U.S.C. § 601 *et seq.*) and the applicable Rules of Practice (7 C.F.R. §1.130 *et seq.* and 9 C.F.R. § 500.1 *et seq.*) to withdraw inspection services from Respondent Redwood Meats Company, Inc., herein referred to as Respondent Redwood. This proceeding was commenced by a complaint filed by the Administrator, Food Safety and Inspection Service (FSIS), United States Department of Agriculture (USDA), who is responsible for the administration of Federal inspection services for meat and meat food products. This decision is entered pursuant to the consent decision provisions of the rules of practice applicable to this proceeding (7 C.F.R. § 1.138).

Respondents admit the jurisdictional allegations of the complaint. Respondents neither admit nor deny the remaining allegations and waive oral hearing and further proceedings. Respondents and the owners, officers, directors, partners, successors,

assigns, and affiliates of Respondent Redwood, waive any claim against complainant under the Equal Access to Justice Act of 1980 (5 U.S.C. § 504 *et seq.*) and waive any other action against USDA or its employees in connection with this proceeding and the facts and events that gave rise to this proceeding. Respondents consent and agree, for purpose of settling this proceeding and for such purposes only, to the entry of this decision.

The complainant agrees to the entry of this decision.

8. On the morning of May 21, 2014, FSIS's Alameda District Office withheld the marks of inspection services from Respondent Redwood for alleged acts of intimidation,

harassment and interference by Respondent Redwood management officials towards FSIS personnel conducting pre-operational sanitation verification procedures. FSIS resumed inspection services at Respondent Redwood's establishment later that day based on assurances made by Respondents.

9. On the morning of July 5, 2014, the FSIS's Alameda District Office alleged acts of harassment and interference by one of Respondent Redwood management officials towards a FSIS inspector while performing ante-mortem inspection on cattle in the holding pens at the Respondent Redwood's establishment.

Further, FSIS has serious concerns regarding the safety and well-being of its inspection personnel while at Respondent Redwood's establishment.

14. On August 7, 2014, FSIS's Alameda District Office issued a written Notice of Suspension, in accordance with Section 500.3 of Title 9 of the Code of Federal Regulations (9 CFR § 500.3), based on repetitive and serious acts of impeding, intimidating, and interfering with FSIS program personnel engaged in the performance of official statutory and regulatory duties under the FMIA and the unsafe work environment at the establishment described above.
